

LINUX ASSIGNMENT

Commands, File Operations, Users, Groups & Permissions

1. Directory Operations

Q1. Create the given directory structure.

```
[root@jonathan-linux-assignment ~]# tree DevOps/
DevOps/
├── Docker
│   ├── Bridge
│   └── Images
├── Jenkins
│   ├── Jobs
│   └── Pipelines
├── Linux
│   ├── AWS
│   │   ├── EC2
│   │   ├── IAM
│   │   └── S3
│   ├── Docker
│   │   ├── Images
│   │   └── Networks
│   ├── Jobs
│   ├── Labs
│   ├── Notes
│   └── Pipelines
```

2. Backup and Archive Operations

```
[root@jonathan-linux-assignment ~]# tree backup
backup
├── documents
├── images
└── videos

[root@jonathan-linux-assignment ~]# ls
DevOps  backup  backup.tar  company  project
[root@jonathan-linux-assignment ~]# tree
```

3. Users and Groups

```
[root@jonathan-linux-assignment ~]# tail -4 /etc/passwd
aman:x:1003:1003::/home/aman:/bin/bash
alice:x:1004:1006::/home/alice:/bin/bash
bob:x:1005:1007::/home/bob:/bin/bash
charlie:x:1006:1008::/home/charlie:/bin/bash
[root@jonathan-linux-assignment ~]# tail -4 /etc/group
charlie:x:1008:
hr:x:1009:alice
finance:x:1010:bob
it:x:1011:charlie
[root@jonathan-linux-assignment ~]#
```

4. File Ownership and Permissions

```
[root@jonathan-linux-assignment ~]# ls -l project/
total 0
-rwxrwxrwx. 1 rahul root 0 Aug 31 17:08 report.txt
[root@jonathan-linux-assignment ~]#
```

5. Company Directory, Users, Groups and Permissions

```
[root@jonathan-linux-assignment ~]# tree company/
company/
├── Finance
│   └── salary.txt
├── HR
│   └── employees.txt
└── IT
    └── servers.txt

3 directories, 3 files
[root@jonathan-linux-assignment ~]# ls -l company/Finance/salary.txt
-rw-rw-rw-. 1 bob root 0 Aug 31 17:10 company/Finance/salary.txt
[root@jonathan-linux-assignment ~]# ls -l company/HR/employees.txt
-rw-rw-rw-. 1 alice root 0 Aug 31 17:10 company/HR/employees.txt
[root@jonathan-linux-assignment ~]# ls -l company/IT/servers.txt
-rw-rw-rw-. 1 charlie root 0 Aug 31 17:10 company/IT/servers.txt
[root@jonathan-linux-assignment ~]#
```
